

# Directions for Assembly:

## Face Shield Splash Guard - Disposable Protection

### Pieces:

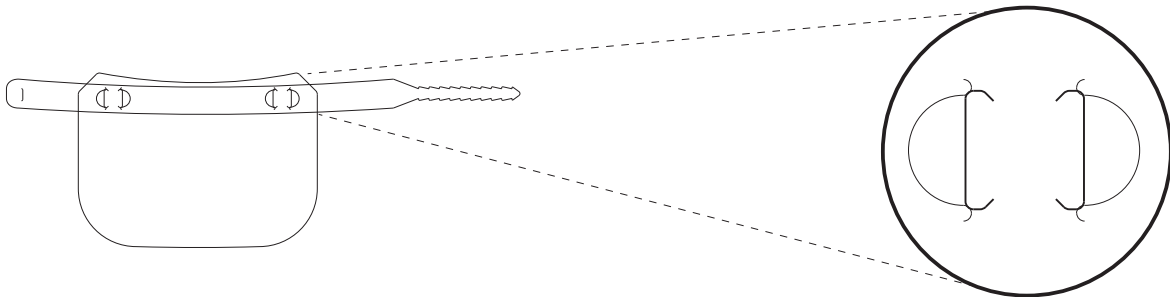

Part A - the strap for around the head

Part B - the face shield

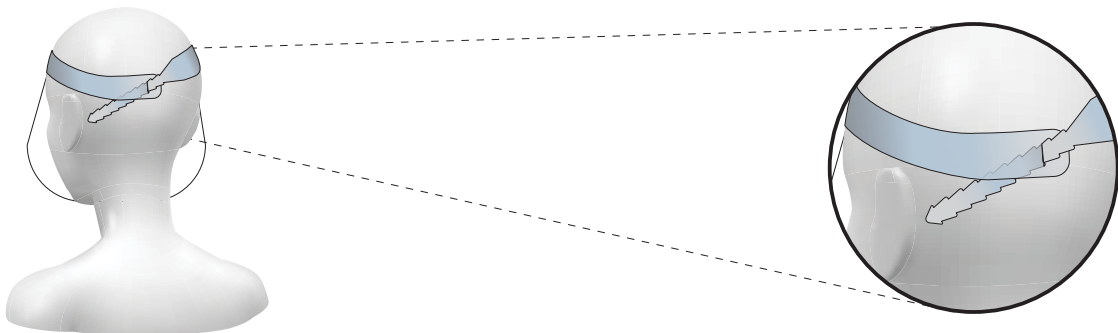

### Step 1:

Insert curved tabs from Part B into slots on Part A

### Step 2:

Insert the notched end of Part A (Strap) from the outside of the band to the inside of the band. Place band on head and adjust to desired circumference by lightly pulling the notched end of the strap into the end slit of the band. **DO NOT** over tighten.

Part A - the strap for around the head

NOTE: For most secure fit, it is important that the pointy end of the strap be inserted into the headband from the **OUTSIDE** of the strap **GOING TO THE INSIDE** of the strap **TOWARDS YOUR HEAD**.

This will prevent the tail of the strap from potentially becoming loose. **Do not over tighten.**

### Manufacturing Facilities:
